PATENTA PADEMARY OF TRADEMARY O

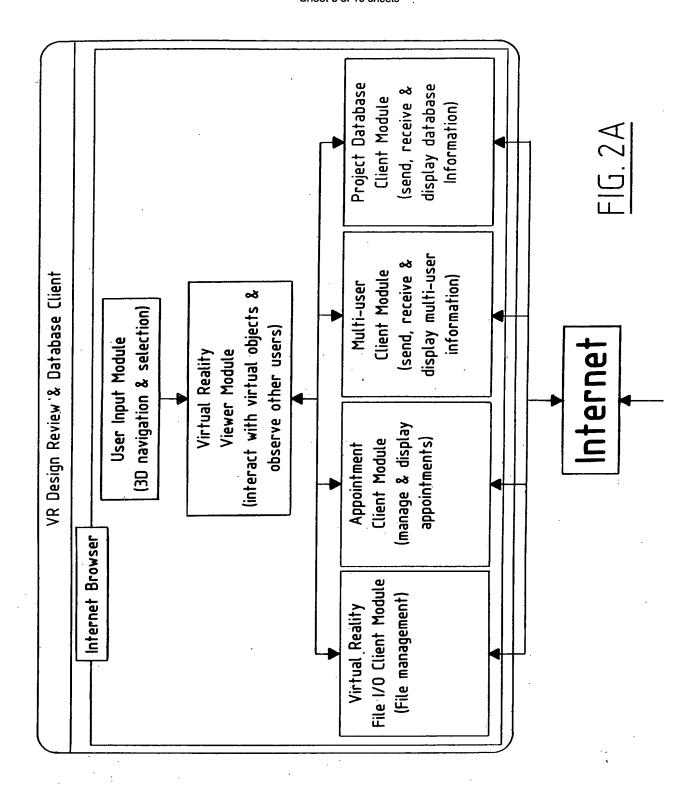

U.S. Patent Application No. 10/617,890
Applicant: Robert JANSEN

Title: System for Access to, Exchange of Information....
Attorney Docket No. 000771.00048
Sheet 1 of 10 sheets

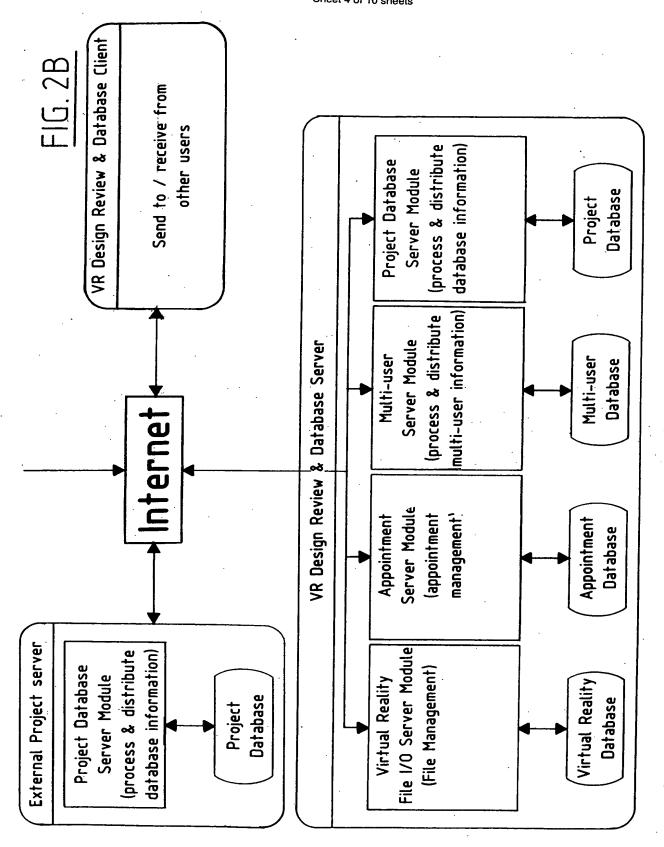

U.S. Patent Application No. 10/617,890
Applicant: Robert JANSEN
Title: System for Access to, Exchange of Information....
Attorney Docket No. 000771.00048
Sheet 3 of 10 sheets

U.S. Patent Application No. 10/617,890
Applicant: Robert JANSEN
Title: System for Access to, Exchange of Information...
Attorney Docket No. 000771.00048
Sheet 4 of 10 sheets

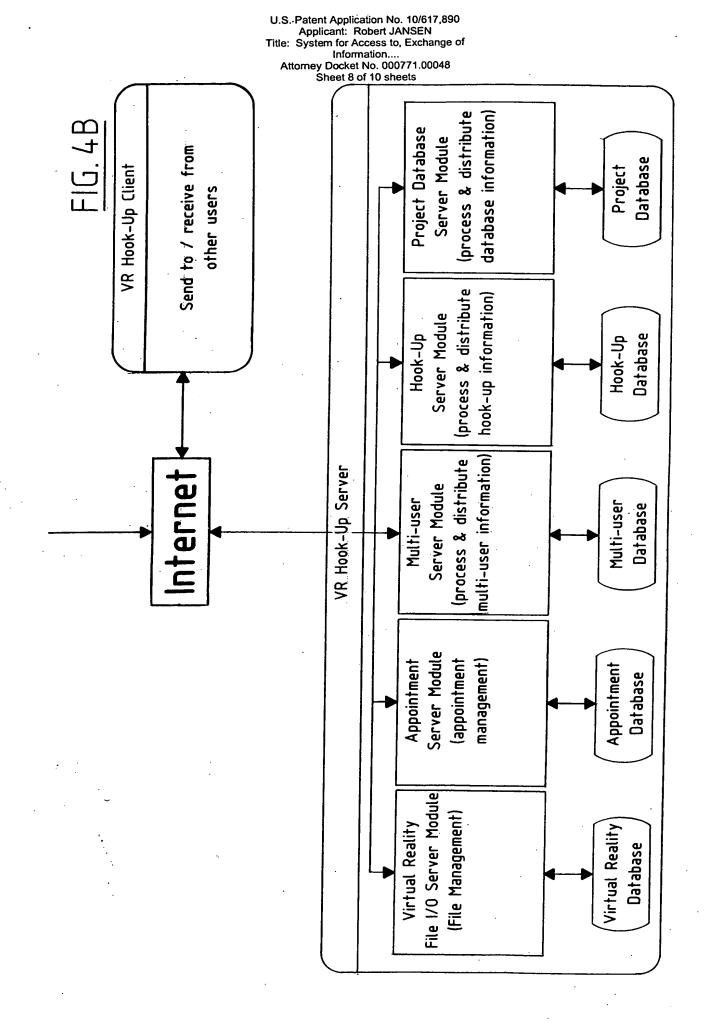

Information.... Attorney Docket No. 000771.00048 Sheet 5 of 10 sheets display database Information) **Project Database** (send, receive & Client Module display training & Maintenance Script maint. information) (send, receive & Client Module Training/ VR Training & Maintenance Client (interact with virtual objects & (3D navigation & selection) observe other users) User Input Module display multi-user (send, receive & Internet Viewer Module Virtual Reality Client Module information) Multi-user (manage & display appointments) Client Module Appointment Internet Browser File 1/0 Client Module (File management) Virtual Reality

U.S. Patent Application No. 10/617,890
Applicant: Robert JANSEN
Title: System for Access to, Exchange of

le: System for Access to, Exchange of Information....
Attorney Docket No. 000771.00048
Sheet 6 of 10 sheets (process & distribute VR Training & Maintenance Client database information) Project Database Server Module Send to / receive from Database Project other users (process & distribute Maintenance Script training & maint. Server Module information) Training/ Training Database VR Training & Máintenance Client multi-user information) (process & distribute rernet Server Module Multi-user **Database** Multi-user Server Module management) Appointment (appointment Appointment Database File I/O Server Module (File Management) Virtual Reality Virtual Reality Database

U.S. Patent Application No. 10/617,890 Applicant: Robert JANSEN

U.S. Patent Application No. 10/617,890 Applicant: Robert JANSEN Title: System for Access to, Exchange of

Title: System for Access to, Exchange of Information.... Attorney Docket No. 000771.00048 Sheet 9 of 10 sheets display database Information) Client Module (send, receive & Project Database display hook-up information) (send, receive & Client Module Design Rule (interact with virtual objects & (30 navigation & selection) observe other users) User Input Module VR Design Client display multi-user (send, receive & rernet Viewer Module Virtual Reality **Client Module** information) Multi-user (manage & display Client Module appointments) **Appointment** Internet Browser File 1/0 Client Module (File management) Virtual Reality

U.S. Patent Application No. 10/617,890 Applicant: Robert JANSEN

U.S. Patent Application No. 10/617,890
Applicant: Robert JANSEN
Title: System for Access to, Exchange of Information....
Attorney Docket No. 000771,00048
Sheet 10 of 10 sheets (process & distribute database information) **Project Database** Server Module Send to / receive from **Database** Project **VR Design Client** other users (process & distribute hook-up information) Server Module Design Rule Design Rule Database multi-user information) (process & distribute **VR Design Server** Internet Server Module Multi-user Multi-user Database Server Module management) Appointment (appointment Appointment **Oatabase** File 1/0 Server Module **External Project server** (process & distribute database information) **Project Database** (File Management) Server Module Virtual Reality Virtual Reality **Database** Database Project
